May 18, 2009

For your protection, we want to warn you of a serious fraud danger.

A scam called "G.W.S.C Market Facts Finders" deceptively identifies itself as "a division of General Wire Spring Company". This outfit recruits consumers for bogus market research activities – and allegedly bilks unsuspecting victims of thousands of dollars.

If you know anyone contacted by "G.W.S.C Market Facts Finders", please alert:

- General Wire Spring Company,
- your state Attorney General,
- consumer protection authorities and, if contacted by mail,
- the U.S. Postal Service.

General Wire Spring Company is aggressively cooperating with law enforcement authorities to apprehend and prosecute the perpetrators of this insidious fraud.

If you have any questions, please do not hesitate to call Steve Glick, Steve Silverman, or Jeff Silverman at General Wire Spring:

- 412-771-6300 or 800-245-6200

Take steps to protect yourself – and others! Thank you.

Sincerely,

Andy Zelazny  
Sales Manager
